Our **vision** is a world where educationally empowered youth become fulfilled individuals and engaged members of their community. CLC recognizes that barriers to learning are systemic, and that the challenges our students face are never confined to the walls of their classrooms. CLC works with students and families to design individualized academic solutions and guide students towards success in the classroom and beyond. CLC is focused on ensuring *every* student has access to the resources and support to succeed academically.

Our **services** include:

- After-school & in-school tutoring
